From Pastor Kevin: *"Moses has been called the 'paradigm' for what a prophet is to be, and was in a sense, the original prophet of God. Through Moses, God formed a people, freed them from slavery, reformed their identity and their imagination, and created within them a totally new world-view. Over the summer, I will be exploring the identity, faith, and ministry of Moses; considering what we can learn from this pivotal figure and how all of us can grow through taking seriously his example. I hope you will be able to join us consistently during this time (and listen to the CDs or online to the messages you miss) so that all of us can grow in our faith – a faith completely dependent on God's power rather than on the 'fake powers' of empires that surround us."*

(Over)

From Mennonite Disaster Service: *"This week we rejoice with the community of La Grange, Texas where new homes will be constructed for Hurricane Harvey survivors in an area called Hope Hill. We pray for those organizing the work and for enough volunteers to bring people home. We ask God for hearts to be moved and hammers to ring. We also pray for those suffering because of the volcanos in Hawaii and Guatemala. MDS is monitoring the situation in Hawaii."* Also, Mennonite Central Committee is providing relief kits, hygiene kits and blankets to help the Guatemala Mennonite Church respond to the needs of people displaced by the volcanic eruption on June 3.
